Report on Observation of World Water Day, 22.03.2023

Introduction

On 22nd of March 2023, the Eco-club of Swarnamoyee Jogendranath Mahavidyalaya, in collaboration with the NSS unit of the college, organized a program to observe World Water Day. The event aimed to raise awareness about water pollution, its impact on the environment, and methods of water conservation.

Objectives

The primary objectives of the program were:

- To raise awareness about the importance of water conservation.
- To educate students about the causes and effects of water pollution.
- To discuss various methods and practices for conserving water.
- To provide a platform for students to interact with experts and clarify their doubts.

Event Details:

Date and Venue

- **Date:** 22nd March 2023
- **Time:** 12:00 Noon
- **Venue:** Seminar Hall, Swarnamoyee Jogendranath Mahavidyalaya

Participants

- **Total Attendees:** 59 students
- **Collaborating Units:** Eco-Club and NSS Unit

Speakers

- Mr. Apresh Mondal: NSS Programme Officer
- Mr. Nayan Kr. Giri, SACT-II, Department of Botany

Programme Outline

Inaugural Session

The program commenced with an inaugural session with the welcome address by Mr. Sanjit Debnath, Program Co-ordinator where the attendees were welcomed followed by the inaugural speech by Dr. Ratan Kumar Samanta, Principal of the college, provided an overview of significance of World Water Day and the pressing need for water conservation in today's world.

Main Lectures

Lecture by Mr. Aparesh Mondal:

Mr. Aparesh Mondal delivered the first lecture, focusing on:

- **Water Pollution:** He explained the various sources of water pollution, including industrial discharge, agricultural runoff, and domestic waste. He highlighted the adverse effects of polluted water on human health, aquatic life, and the ecosystem.
- **Impact of Water Pollution:** Mr. Mondal discussed the long-term impacts of water pollution on the environment and the importance of taking immediate actions to mitigate these effects.

Lecture by Mr. Nayan Kr. Giri

Mr. Nayan Kr. Giri, SACT-II, Department of Botany, delivered the second lecture, focusing on:

- **Water Conservation Methods:** He elaborated on various methods of water conservation, such as rainwater harvesting, efficient irrigation techniques, and the use of water-saving devices. He emphasized the importance of individual and community efforts in conserving water.
- **Historical Perspectives on Water Management:** Mr. Giri provided historical insights into traditional water management practices that can be revived and adapted to modern needs.

Interactive Session

Following the lectures, an interactive session was conducted where students had the opportunity to ask questions and seek clarifications. This session facilitated an engaging dialogue between the students and the speakers, allowing for in-depth discussion on various aspects of water pollution and conservation. Students actively participated, raising pertinent queries about sustainable water practices, the role of policy in water management, and ways to reduce water wastage in daily life.

Conclusion

Many students expressing gratitude for the comprehensive information and practical advice provided. Moreover, teachers from various departments were also participated and enrich the programme. They felt more informed and motivated to contribute to water conservation efforts.

The programme was concluded with vote of thanks given by Miss Tanushree Das, Guest Teacher, Department of Zoology, S. J. Mahavidyalaya by thanking the speakers, students, and collaborating units for their active involvement. She reiterated the importance of continued efforts in water conservation and encouraged everyone to implement the practices discussed during the program in their daily lives. The program anchored by Miss Swagata Lakshmi Basu, SACT-II, Department of English.

Outcomes

The observation of World Water Day successfully achieved its objectives. Key outcomes included:

- Enhanced awareness among students about the importance of water conservation and the detrimental effects of water pollution.
- Increased motivation to adopt water-saving practices and contribute to environmental sustainability.
- Strengthened interaction between students and experts, providing a platform for knowledge sharing and community building.

Acknowledgements

The Eco-club and NSS unit of Swarnamoyee Jogendranath Mahavidyalaya extend heartfelt thanks to all the speakers, participants, and volunteers who contributed to the success of this event. Special thanks to Mr. Aparesh Mondal and Mr. Nayan Kr. Giri for their insightful contributions.
