Report of AIDS Awareness Programme

The NSS Unit-I & Students Welfare Committee of Swarnamoyee Jogendranath Mahavidyalaya organized an awareness programme on AIDS for World AIDS Day on 29 November 2019 at 2 P.M in Room no. 16, instead of 1st December, as that day was a Sunday. The programme started with a welcome address by the NSS Officer, Mr Parimal Mandal. Prof. Mandal introduced the theme to the gathering, dwelling on the magnitude the AIDS pandemic has assumed and the need for increasing general awareness so that the problem may be combatted effectively. Subsequently, several other speakers spoke on various issues related to AIDS.

Prof. Moyazem Hossain Mondal, Assistant Professor of History, alerted the gathering about the various ways in which HIV may be transmitted, and the precautions that must be taken to prevent its spread.

The next speaker, Prof. Soma Adhikary, Assistant Professor of Education, spoke on the various ways in which those who are HIV-positive or afflicted with AIDS are stigmatized and ostracized by society, and emphasized on the need to treat them humanely.

The next speaker, Prof. Hiya Chatterjee, Assistant Professor of English, mentioned various current statistics related to HIV-AIDS released by the World Health Organization (WHO), spoke on the need to treat the afflicted with sympathy, and mentioned the emphasis on the community that the WHO is advocating.

The last speaker, Prof. Durba Basu, Assistant Professor of English, offered a quick recapitulation of the ways HIV is transmitted, and went on to elaborate on the community-based approach to end the AIDS pandemic that the WHO had chosen for its theme for 2019, by means of a Power Point presentation. The presentation highlighted the efficacy of the community-based approach in different parts of the world, as reported by the WHO, and incorporated various graphics released by the WHO that are slogans in the fight against HIV-AIDS. A total of 64 participants comprise with students, staff and local villagers joined this programme.

The gathering, which comprised mostly young people around 20 years of age, listened with interest and interacted with the speakers during and after their respective talks. It was evident that they had been sensitized.
