Subject: Request for Organizing and Collaborating Dengue Awareness Program

Dear sir/Madam,

I am writing to request your esteemed support and collaboration in organizing a Dengue Awareness Program at our college, Amdabad, on June 30, 2022. This initiative is being organized by the NSS unit with the aim of educating students, staff, and the residents of the surrounding villages about Dengue fever, its prevention, and control measures.

Dengue fever has become a significant health concern in our region, and it is crucial to take proactive measures to educate the community about its risks and the steps that can be taken to mitigate them. We believe that the expertise and resources of Reyapara Rural Hospital will be invaluable in making this program a success. We kindly request your assistance with a qualified medical professional to deliver a lecture or presentation on Dengue awareness.

We are confident that your expertise and resources will significantly benefit our awareness program and contribute to the community's well-being. Our NSS unit is committed to making this event a success, and we are ready to assist in any preparatory work required.

Thank you for considering our request. We look forward to your positive response and a fruitful collaboration.

Thanking you,

Report of Dengue Awareness Programme

An awareness program on Dengue & other vector borne diseases was held on 30.04. 2022. The NSS Unit of the college organized the program in Room no. 16 at 2 p.m. All the students, teaching and non-teaching staff of the college have attended the program positively. Dr. Hridipadma Bag, BMOH of Nandigram Hospital was the chief guest of the program. Dr. Parimal Mandal chaired the program as president and Mr. Aparesh Mandal and Dr. Prasad Ranjan Chakraborti hosted the program. Dr. Hridipadma Bag gave lecture on causes of dengue, symptoms of dengue and preventive measures of dengue etc. Total 63 participants joined the programme. At the end of the program, a quiz competition was organised where students have participated and gift were given to the them. Students have enjoyed the program a lot and learned an important and useful lesson from the program. Finally Dr. Prasad Ranjan Chakraborti greeted vote of thanks for the delegates of the program.

Outcome:

I. Participants, including students, staff, and villagers, showed a significant increase in awareness about dengue transmission, symptoms, prevention, and treatment.

II. Improved understanding of preventive measures such as eliminating stagnant water, using mosquito repellents, and installing mosquito net

III. Increased use of preventive measures by participants, such as removing standing water, wearing long-sleeved clothing, and using insect repellents.
