## Online Library Management System in SJM

Library Management system is a part of an integrated Education Management System deployed for SJ Mahavidyalaya. The library management system is simple yet elegant solution build on the central database system.

### Web Portal and Mobile APP

There are multiple ways to access the Library system. The students and the Faculty can access the library online using the College Portal or the Mobile App. Here is a snapshot how it looks like for a Student user.

As you can see you can access several category of information from your portal page like the invoices, your admission details, your student profile, your Library information and the books you have issued, provide feedback and also browse your course materials uploaded by your respective departments.

Under the library segment, there are 4 sub menus as demonstrated in the following image. The first menu lists out all the books available in the library and lets you search a book by name, subject, author or publishers.

The second menu shows the books issued or returned to your account.

The third menu lists out the books you have requested for requisition. You can also make a new request from here.

The fourth menu lists out any books you may have requested for purchase. If you are looking for a book which is not available in the library and you think it should be there, you can make a purchase request.

The screenshot displays the 'My Portal' interface for Swarnamoyee Jogendranath Mahavidyalaya. The header includes the college name and affiliation. The navigation menu is visible, with 'Library' highlighted. The 'Your Documents' section shows a list of documents, with 'Library' expanded to show 'Books' (1642), 'Book Movements' (0), 'Book Queue Requests' (0), and 'Book Purchase Requests' (0). Other document categories include 'Invoices' (6), 'Admission', 'My Profile', 'Feedback', and 'Course Materials'. The 'Your contact' section on the right provides contact information for Anwesha Roy, including an email address, a phone number, and a location in BIRULIA.

## Backend of Library Management system

The librarian or other privileged users with permission can access the backend of the system for regular library management. It includes adding new book or media entries for new arrivals, issuing books, returning books from the students and staff, processing requisition requests etc.

Following is a screenshot of how it looks like from the backend:

You can see the list of books and other media issued or returned to the library.
