ZOOLOGICAL EXCURSION

Zoological excursion is aimed at acquiring knowledge in their own habitat, their lifecycle pattern, their behaviour and their interaction. A student not only gain knowledge about the habitat, i.e.

Machine camera in case of our trip but also to have a glance of the diversity of the animal fauna each in its own niche and a greater areas of habitat and in the ecosystem play its important roles.

Thus zoological excursion is not only a pleasure trip for us but a learning experience for a student of zoology. It is also a exciting and memorable memory for us.

HAPPY RETURNS

The tour was extremely fruitful Joyous one. Such type of educational tour always boost us to gain plenty of knowledge with practical views. The tour was certainly blessed a tool to serve the varied species containing "Digha Mohona and Man darmani and Talsahi". It was unique experience. We all returned knowledge admixture with holy minute education from Mahine habitat.

We are all grateful to our respected teachers without whose kind guidance and help the tour would not have been made possible.
