Add-on Course on Human Rights Organized by: the Department of Geography Swarnamoyee Jogendranath Mahavidyalaya Date: - 03.09.2019 - 07.12.2019

Course Overview:

This short-term course on human rights aims to provide participants with a comprehensive understanding of human rights principles, frameworks, and practices. It covers the historical development of human rights, key international documents and treaties, and current challenges in human rights protection. The course is designed to be interactive, with a mix of lectures, discussions, case studies, and practical exercises.

Course Objectives:

- To introduce participants to the concept and history of human rights.
- To familiarize participants with international human rights laws and mechanisms.
- To explore the rights of vulnerable groups and the intersection of human rights with issues like the environment, business, and technology.
- To develop skills for human rights advocacy, monitoring, and reporting.
- To critically analyze current human rights challenges and propose solutions.

Course Content:

- 1. Introduction to Human Rights: Definitions, history, and significance.
- 2. International Human Rights Framework: Key documents, treaties, and organizations.
- 3. Civil and Political Rights: Freedom of speech, right to fair trial, etc.
- 4. Economic, Social, and Cultural Rights: Education, health, work, etc.
- 5. Rights of Vulnerable Groups: Women, children, refugees, and minorities.
- 6. Business and Human Rights: Corporate accountability and ethical practices.
- 7. Environmental Justice and Human Rights: Climate change, right to a healthy environment.

- 8. Digital Age and Human Rights: Privacy, surveillance, freedom of expression online.
- 9. Human Rights Advocacy and Campaigns: Strategies, tools, and case studies.
- **10. Monitoring and Reporting Human Rights Violations:** Techniques and organizations involved.
- 11. Contemporary Challenges: Armed conflict, terrorism, migration.

12. The Future of Human Rights: Emerging issues and trends.

Benefits for Participants:

- Knowledge Gain: Comprehensive understanding of human rights applicable in various professional and personal contexts.
- **Skill Development:** Enhanced abilities in advocacy, critical thinking, and effective communication on human rights issues.
- Networking: Opportunities to connect with professionals, activists, and peers interested in human rights.
- Career Advancement: Strengthened qualifications for roles in NGOs, international organizations, government bodies, and the private sector dealing with CSR and ethical practices.

Key Topics:

- Fundamental human rights concepts and principles
- International human rights law and mechanisms
- Civil, political, economic, social, and cultural rights
- Human rights of vulnerable groups
- The impact of business, technology, and the environment on human rights
- Human rights advocacy, monitoring, and reporting

Learning Outcomes:

- Analytical Skills: Ability to critically analyze human rights legislation, cases, and practices.
- Advocacy Skills: Competence in designing and implementing human rights advocacy campaigns.
- Research Skills: Enhanced capability to conduct human rights research, monitoring, and reporting.
- **Communication Skills:** Improved ability to articulate human rights issues effectively in various forums.

This course structure is designed to equip participants with a deep understanding of human rights, practical skills for advocacy and analysis, and the capacity to engage in informed discussions and actions to promote and protect human rights globally.

Duration: 12 Units, with approximately 3 hours of instruction per Unit.

Target Audience: Undergraduate students from Geography discipline interested in learning about human rights.

Course Objectives

- Understanding Basics: Introduce students to the fundamental principles and history of human rights.
- Global Perspective: Provide insights into human rights issues around the world and the role of international organizations.
- Rights and Responsibilities: Explore the relationship between individual rights and societal responsibilities.
- Critical Thinking: Develop students' ability to critically analyze human rights issues and debates.
- Active Citizenship: Encourage students to become informed and active citizens in promoting and protecting human rights.

Learning Outcomes: By the end of the course, students should be able to:

- ✓ Understand and explain the fundamental concepts and history of human rights.
- ✓ Identify and discuss the major international human rights instruments and bodies.
- ✓ Analyze current human rights issues from multiple perspectives.
- ✓ Apply human rights principles to real-world situations and case studies.

✓ Advocate for human rights in both local and global contexts.	
Curriculum Structure and Syllabus
